

CONNECTED WITH PAVED HIGHWAY

ALMOST AIR LINE ROUTE TO
LOS ANGELES WILL BE
URGED TO COMPLETION

PLANS FOR TRAFFIC

BRAND BOULEVARD WORK TO
BE CALLED TO ATTENTION
OF RAILROAD COMPANY

The communication given below will be submitted by City Manager Watson to the city trustees at the regular meeting next Thursday night. As it relates to a project which has been under way for several years and which, when completed, will give almost an air line connection between Glendale and the heart of the Los Angeles business district over a smooth-paved highway for the entire distance, it will be read with interest. The communication follows:

"We understand that the paving of the new boulevard extending from Second street and Lake Shore avenue, Los Angeles, to Glendale by way of the Ivanhoe bridge and Brand boulevard will be completed in about one month. This boulevard will be entirely on the west side of the Pacific Electric tracks on Brand boulevard to the Glendale city limits at the Southern Pacific crossing. It will be advisable from a traffic standpoint to provide at this point for transferring the north bound traffic to the east side of Brand boulevard rather than to make such transfer at the intersection of Brand boulevard and San Fernando road, where this traffic will encounter a large volume of traffic crossing Brand boulevard on San Fernando road.

Order of Commission
"We have understood that the order of the railroad commission under the provisions of which the railroad signal tower at Brand boulevard and the Southern Pacific crossing was moved, provided that the Southern Pacific company was to pave the railroad crossings whenever the paving was installed on either side thereof.

"We would respectfully recommend that the city engineer be instructed to submit to your board at the next meeting plans for the improvement of this crossing and the approaches so that you might determine the kind of improvement desired and notify the railroad company accordingly."

VISITS BROTHER

MISSIONARY IN CHINA FOR
TWENTY-FIVE YEARS IS
VISITOR IN GLENDALE

Rev. R. A. Mitchell, for twenty-five years a missionary in China, province of Honan, who with his wife, is in this country on a furlough, has been the guest recently of his brother, H. L. Mitchell of 1241 Boynton street. This is the first time the brothers have met since the missionary departed for the Orient in 1895 from Elora, Ont., Can., under the auspices of the Presbyterian board of missions. Rev. and Mrs. Mitchell placed their two sons and the daughter in Toronto, Can., colleges, before coming west to visit relatives. They are now in Los Angeles, but leave today for San Francisco to take ship Monday for China.

Rev. Mitchell was forced to flee from his station to Peking during the Boxer rebellion and acted as interpreter while the missionaries were cooped up in the walled city, and during the negotiations which followed the capture of Peking and the relief of the beleaguered foreigners.

BUY APARTMENT

MR. AND MRS. DRU NICOLAS OF
GLENDALE ARE PURCHASERS
OF APARTMENT HOUSE

The apartment house and bungalow situated at the corner of Louise and Maple streets, formerly owned by Mr. and Mrs. Frank G. Kay, have been sold to Mr. and Mrs. Dru Nicolas. Mr. Nicolas is the wire chief of the telephone company.

The sale was made by the E. H. Kerker realty firm.

Mr. and Mrs. Kay expect to make their residence at Compton, where they own acreage.

Armenia Has Declared Soviet Republic, Says Wireless From Moscow

(Special Service to Glendale Evening News)
LONDON, Eng., Dec. 4.—Armenia has been declared a soviet republic, a wireless message from Moscow declared today. President Wilson has just undertaken to mediate between the Armenians and the Turkish nationalist forces.

Raid Lodging House

LOS ANGELES, Dec. 4.—Members of the police "work or go-to-jail" squad today descended on a lodging house and arrested seventy-nine unemployed men for vagrancy. They found the men asleep in chairs and on the floor.

Employees Laid Off

SACRAMENTO, Calif., Dec. 4.—Four hundred twenty-five employees in the Southern Pacific shop here will be laid off next Wednesday, officials announced today. General business depression was given as the cause.

Engagement Rumored

COPENHAGEN, Dec. 4.—Engagement of the Prince of Wales to Princess Margaret of Denmark will be announced soon, it was rumored here today.

Weather Forecast

LOS ANGELES, Dec. 4.—The official weather forecast issued today is: Fair tonight and Sunday.

GIRL IN CHARGE OF ORCHESTRA

DAUGHTER OF LOCAL MAN IS
CONDUCTOR OF TRAVELING
MUSICAL COMEDY

GIFT IS INHERITED

MISS MAY VALENTINE IS VERY
TALENTED; GLENDALE PARTY
SEES HER AS LEADER

Music lovers who packed the Mason opera house this week at every performance were especially delighted with the wonderful orchestra which travels with the company.

It is interesting to Glendale residents to note that the conductor, Miss May Valentine, is the daughter of C. A. Valentine, a resident of this city. Mr. Valentine is the proprietor of the Vert-Mont hotel, 119 East Broadway. Naturally, he is very proud of his gifted young daughter, who has attained such a high rank in the musical world.

Miss Valentine's gift is an inherited one; her mother and her grandfather were especially talented musicians. The young lady was born in Michigan City, Indiana, and received her musical education in Chicago and New York. She is said to be the only woman conductor of a first-class traveling orchestra in the world.

Last evening Mr. Valentine entertained a group of former Michigan City friends now living in California with a theatre party at the Mason. Those who enjoyed the treat were Mr. and Mrs. L. L. Woods, Mrs. A. M. Dewey, Miss Helen Dewey and the host, Mr. Valentine.

After the opera the Glendale guests were joined by Miss Valentine, and they all enjoyed such a visit over their after-theatre supper as only old friends who have grown up together can know.

Today Miss Valentine is the guest of her father in Glendale; as this is her first visit here and as she has only had two visits with her father in the last five years, it is needless to say they are having a happy day together.

SECURE RANCH

MR. AND MRS. D. REYNOLDS
PURCHASE PROPERTY NEAR
CITY OF SAN DIEGO

Mr. and Mrs. Dwight C. Reynolds, who formerly resided in the apartments on East Broadway near Brand boulevard, have purchased a ranch at El Cajon, which is located about twenty miles from San Diego, and have moved to that place.

Mrs. Reynolds was employed in Williams' dry goods store for a number of years and has many friends in this city.

WARD ELECTION IS NOT FAVORED

BOARD OF FREEHOLDERS IS
IN FAVOR OF CITY AT
LARGE DOING VOTING

DECISION IS REACHED

POWERS OF APPOINTING BY
CITY TRUSTEES IS YET
TO BE DETERMINED

Election of the officials by the city at large, rather than by wards, was decided upon at the meeting last night of the board of freeholders chosen to draft a charter for the city of Glendale.

The ward system of electing officers had no supporters at last night's meeting. The board was unanimous in favor of the city at large picking representatives.

F. L. Muhleman, a member of the board, who also served in a previous organization named to draft a charter, stated that at the former election on the charter, the people were given the opportunity of selecting either form—the ward system or the election by the city at large. The charter itself, however, was defeated.

A discussion of the two methods was held last night and it developed that every member of the board present was in favor of the election of officers by the city at large, hence that method will be embodied in the proposed charter.

Election or Appointment?
The board also discussed the matter of electing or appointing a number of city officials besides the trustees, who will be chosen by the people. Some of the members of the board favored the election of some of the most prominent of the city officers, while others held that, with the exception of a comptroller, all officials should be appointed by the trustees.

Some of the members of the board claimed that if the trustees are given wide appointive powers, responsibility can then be centered in the trustees for acts in all city offices.

The question was not finally settled at last night's meeting and will come up for discussion again when the board meets on Tuesday night at 7:30 o'clock in the city hall.

LOCATE HERE

MR. AND MRS. MORGAN AND
MR. AND MRS. L. E. DAVIS
COME TO GLENDALE

Among the interesting newcomers in Glendale are Rev. R. C. Morgan and Mrs. Morgan of Pittsburg, Pa., and Mr. and Mrs. L. E. Davis of Youngstown, Ohio.

Mr. and Mrs. Morgan are domiciled in their own home at 203 West Elk street, which they bought because they could not find suitable quarters otherwise. Mr. and Mrs. Davis have found comfortable quarters at 118 East Garfield avenue.

In point of service Mr. Morgan is the oldest Welsh minister in western Pennsylvania, having been ordained to the Baptist ministry more than half a century ago. He is very well known in the state from which he came, especially among his compatriots, the Welsh people.

Mr. Morgan has crossed the ocean a number of times and says that when he beholds the ancient landmarks of the world he does not consider himself old. He came from Wales in his young manhood. He had before him a most prominent career as a sculptor, which he abandoned to enter the ministry. Two massive lions that stand like sentinels guarding the approach to one of the well-known banks of Pittsburg were carved by Mr. Morgan in those early days of his life in America, and bear testimony even unto this day to his skill as a sculptor. These noble lions have been admired by thousands.

Before Rev. Morgan left Pittsburg his friends honored him and Mrs. Morgan with a large reception in the Welsh Presbyterian church.

L. E. Davis is an old friend of Mr. Morgan's. He is a very prominent man in the affairs of his own state and enjoyed the friendship of both Garfield and McKinley. He and Mrs. Davis will remain here five or six months, unless they become so enamored of Glendale that they decide to remain here permanently.

MANAGER FORM CHARTER BASIS

COMMISSION RULE IS NOT
GIVEN ANY SUPPORT BY
FREEHOLDERS' BOARD

BEST FOR GLENDALE

OTHER CITIES ARE ADOPTING
MANAGERIAL RULE AFTER
TRYING COMMISSIONS

The proposed charter of the city of Glendale will be drafted on the managerial lines of government and not a commission form of rule.

This was made plain at the meeting of the board of freeholders last night at the city hall. Twelve of the fifteen members of the board were present and when the two forms of government were under discussion individual members declared in favor of the managerial system.

At the previous meetings of the board, the decision was reached that the board be not committed to either form until after investigation. Last night the various members declared that, under the circumstances and following complete inquiry, they believed the managerial form much the best, especially in view of the fact that the city is not now, and will not be for years to come, in a position to pay commissioners salaries of \$5,000 a year or more each. Also, it was pointed out that cities operating under the commission system are now changing to the managerial plan as being much more satisfactory.

System Has No Supporters
To prove that the commission form has no supporters on the board, G. B. Woodberry last night made a motion to the effect that the commission form be used as the basis for the proposed charter, although he had previously stated he favored the managerial plan. His motion received no second, so this was taken to indicate none of the freeholders want the commission form as the basis for the charter.

Those present at the meeting were: Bert P. Woodard, chairman; Dr. Jessie A. Russell, secretary; A. W. Beach, G. H. Bentley, Henry Johnston, C. D. Lusby, R. M. McGee, F. L. Muhleman, May E. Myton, W. R. Phelon, Mabel L. Tight and G. M. Woodberry.

DINNER PARTY

MR. AND MRS. GEORGE MORGAN
ENTERTAIN FOR TWENTY-
EIGHT THURSDAY EVENING

Thursday evening, Mrs. George H. Moore and Mrs. A. F. Morgan entertained the Kensington club members and their husbands with a Christmas dinner party at the home of Mrs. Moore, 221 West Elk avenue.

Twenty-eight guests were seated at one long table which was gaily decorated with holly and red and green candy boxes. The house was decorated throughout with Christmas bells and ferns.

Impromptu after-dinner speeches and stunts caused much merriment. Into the huge Christmas pie each one "stuck in his thumb and pulled out a plum," the "plum" being a child's toy elaborately wrapped.

The Kensington Club was organized nearly fifteen years ago and is composed of girls who were members of the J. O. C. class of the First Methodist church of Los Angeles. That they are a congenial group of friends is attested by the fact that the tie of friendship has held them together through all the years and all the changes that the years bring.

TAKEN BY DEATH

NIECE OF C. J. LETTS OF
THIS CITY IS CALLED;
FUNERAL IS TODAY

The C. J. Letts family, of 1200 South Central avenue, is shadowed with sorrow today by the death in Los Angeles of Mr. Letts' niece, Miss Margaret Prudence Finley.

The young girl was a student in the Girls' Collegiate school. She has a sister, Miss Clara Finley, and her parents reside at present in Em-palme, Mexico.

Funeral services were held at eleven o'clock this morning from the Little Church of the Flowers, and interment was made in Forest Lawn cemetery.

SILENT WELCOME GIVEN MRS. MAC SWINEY

(Special Service to Glendale Evening News)
NEW YORK, Dec. 4.—Mrs. Muriel MacSwiney, widow of the late lord mayor of Cork, landed here today from the liner Celtic, and was received in impressive silence by a throng of Sinn Fein sympathizers wearing mourning bands on their arms and carrying Sinn Fein flags. Mrs. MacSwiney was accompanied by Mary MacSwiney, her sister-in-law. She came to this country to testify before a commission to investigate the Irish situation. In anticipation of a demonstration, several hundred policemen were on hand. It was a "silent welcome," however, save for one outburst of cheering. Mrs. MacSwiney rode up Fifth avenue to the St. Regis hotel. Crowds lined the streets and her progress was like a triumphal procession.

ACCUSED OF VIOLATING PROHIBITION LAWS

(Special Service to Glendale Evening News)
LOS ANGELES, Dec. 4.—Warrants were served today on eleven of twenty-one persons indicted by the federal grand jury here late yesterday on charges of violating the national prohibition laws. Those accused are said to be officers and agents of the Southern California Druggists' Supply company. The officers are: J. Floto, M. Finberg and H. Lieb. Deputy United States marshals today served those three with warrants. One wine transaction is laid at the door of each defendant in the indictment. The largest sale set forth as an "overt" act charges one of the alleged ring with selling thirteen cases of wine valued at \$265.

BLAMES GAMBLING IN GRAIN FOR SLUMP

(Special Service to Glendale Evening News)
WASHINGTON, Dec. 4.—Asserting gambling in grains is the chief reason for the slump in prices of farm products, Senator Capper of Kansas today declared that "there is a grain gamblers' conspiracy to bilk the people and the farmers out of hundreds of millions of dollars." With this statement, Capper made public the bill he will introduce in the senate Monday to break up grain gambling by imposing a tax of ten per cent on all deals in grain futures, except when actual delivery is contemplated.

PRESIDENT-ELECT HARDING ON U. S. SOIL

(Special Service to Glendale Evening News)
NEWPORT NEWS, Va., Dec. 4.—President-elect Harding set foot on American soil today, bringing to a close a month's vacation spent in Texas and at Panama. The Pastores, the ship on which Harding came from Panama, arrived early today. A huge welcome had been arranged for the president-elect. Twenty-five airplanes and hydroplanes circled over the ship and the shore as he landed. Harding plans to reach Washington early Monday and be on hand for the opening of congress Monday noon.

PRESIDENT WILSON TO RECEIVE COMMITTEE

(Special Service to Glendale Evening News)
WASHINGTON, Dec. 4.—President Wilson will receive a committee which will call with formal notification that congress is in session, it was said at the White House today. There is as yet no indication, however, as to whether Wilson will deliver his message in person. The message is practically complete but has not gone to the printer. The president desires to address congress in person, but Dr. Grayson has advised against it.

JAPAN REFUSES TO GIVE UP GERMAN CABLES

(Special Service to Glendale Evening News)
WASHINGTON, Dec. 4.—Japan "stands pat" on her refusal to surrender former German cables in the Pacific seized during the war, it was learned authoritatively here today. The Japanese attitude is similar to that of France and Great Britain who have refused to surrender former German-Atlantic cables in the interest of free and untrammelled world communication.

CAFE PROPRIETOR IS SENTENCED TO JAIL

(Special Service to Glendale Evening News)
SAN FRANCISCO, Dec. 4.—Perry Marquard, well known cafe proprietor, today was sentenced to six months in jail for selling and having in his possession a quantity of liquor. Four others were sentenced with him.

PEACE IN IRELAND IS NOW BEING SOUGHT

(Special Service to Glendale Evening News)
LONDON, Dec. 4.—Quiet negotiations are in progress between representatives of Premier Lloyd George and of the Sinn Feiners with the object of bringing about peace in Ireland, it was reported here today.

ARGENTINE'S DELEGATION QUILTS LEAGUE

(Special Service to Glendale Evening News)
GENEVA, Dec. 4.—Honorio Puerrydon today notified President Hymans of the League of Nations assembly that the Argentine delegation had withdrawn.

NEW RESIDENCES ARE UNDER WAY

NUMBER OF NEW HOMES BEING
BUILT BY CONTRACTORS
AND BY OTHERS

SOME OF PERMITS

LIST OF THOSE WHO ARE
CONSTRUCTING GARAGES
ARE ALSO ORDERED

Glendale still needs homes, many homes, and they are being provided very fast, not only by contractors but by people who came here to rent for a time, and failing to find accommodations determined to stay anyhow, so decided to build.

Others are building who sold their homes and just must find some place in Glendale to lay their heads, as no place else will suit them.

Among the residences called for by permits issued so far this month are those of:

Thomas Birrell, 5 rooms and garage, 445 Burchett	\$5000
A. W. Woodman, 5 rooms and garage, 622 Howard	3000
W. A. Martin, 4 rooms, 200 N. Jackson	2500
C. F. Herman, 4 rooms, 437 W. Harvard	2500
R. Van Kather, 4 rooms, 718 E. Elk Ave.	1900
C. B. Worthen, 5 rooms and garage, 507 W. San Fernando Road	1800

Garages Being Built
In addition to the above, garages are being built by J. A. Newton at 521 N. Jackson, \$500; J. P. Jonkey, 465 Concord, \$250; Mabel Patterson, 110 S. Belmont, \$500; Arthur L. Fryer, 609 E. Lomita Ave., \$200; Bentley-Schooneman Co., 200 E. Broadway, \$200.

Henry & McKenzie are adding two rooms to the house at 1421 South Central avenue at a cost of \$1000 and B. V. Williams is building a 1-room residence at 1520 S. Brand, to cost \$300.

Mrs. Lulu Marquam, whose 5-room house at 355 Oak was nearly destroyed by fire a few days ago, is having it built over and a garage added, all to cost \$1000.

PAY TRIBUTE

ANNUAL MEMORIAL SERVICES
WILL BE HELD BY ELKS
OF CITY TOMORROW

In accordance with the universal custom of the Brotherhood of the Protective Order of Elks, the Glendale lodge will hold its annual solemn and impressive memorial service, a tribute to departed Brothers, tomorrow evening at eight o'clock, in their own beautiful building.

H. W. Brown, of Santa Monica, past district, deputy grand exalted ruler, will deliver the oration.

The carefully arranged musical program will include orchestra selections, quartette singing, and vocal solos by Mrs. Porter M. Custer, with piano and violin accompaniment.

The Elks extend a cordial invitation to the general public to attend this service. The program will begin at eight o'clock, sharp.

MERRY TIME

GROUP A OF C. E. MEETS IN
PRESBYTERIAN CHURCH AT
SUPPER AND SOCIAL

Group A, of the Christian Endeavor society of the Presbyterian church, had a merry time in the social hall of the church last evening when thirty-six of them gathered there for a "co-operative" supper.

Each guest brought sandwiches and two other dishes of his own choice, and the result was such a sumptuous repast that it merited the name of a banquet. Coffee and cocoa were served by the social committee.

Chinese lilies and yellow marigolds were the flowers used in the decoration of the table around which these jolly young people gathered.

Impromptu stories, led by A. W. Van Loon, were a feature of the after-dinner entertainment, and a vocal quartette, under the leadership of Mr. Buck, delighted the guests with several selections.

A short business session concluded the evening.

NOTICE OF PUBLIC WORK
Public notice is hereby given that the Board of Trustees of the City of Glendale, on the 26th day of November, 1920, did at its meeting on said day, adopt a resolution of intention No. 1144 to order the following improvement to be made, to-wit:
Section 1. That all of that certain tract (10) foot alley in Tract No. 3196, as per map recorded in Book 33, Page 38 of Maps, Records of Los Angeles County, California, be closed up, vacated and abandoned for street and alley purposes.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:
Beginning at the most southerly corner of Lot 4, Tract No. 3196, as per map recorded in Book 33, Page 38 of Maps, Records of Los Angeles County, California; thence northwesterly along the southwesterly lines of Lots 4, 3, 2, and 1 of said Tract 3196 to the most westerly corner of said Lot 1; thence in a direct line across said alley to the most northerly corner of Lot 6 of said Tract 3196; thence along the northwesterly lines of Lots 6 and 5 of said Tract 3196, to the most easterly corner of said Lot 5; thence in a direct line across aforementioned alley to point of beginning.

Section 3. The district to be assessed for the expense of said improvement is described in, and reference is hereby made to said Resolution of Intention No. 1144 for further particulars of said work.

T. W. WATSON,
City Manager and ex-officio Street Superintendent of the City of Glendale.

PERSONALS

Invitations are out for the second
of a series of dinner dances which
will be given by Mrs. Jack Thomas
of the White Inn this evening.

Glenn L. Seitz of 506 North Ken-
wood street left for San Francisco,
Salt Lake City and other eastern
points. He will return to Glendale in
a few weeks.

Mrs. Tom Johnston of Pocatello,
Idaho, is spending the winter in Cali-
fornia and is the house guest of Mr.
and Mrs. H. E. Van Housen of 1320
North Maryland avenue.

Mrs. Henry Blum and daughter,
Miss Bertha, of Kahoka, Missouri,
arrived in this city December 1 and
will spend the winter with Dr. and
Mrs. A. W. Teel of 608 North Mary-
land avenue. Dr. Teel leaves to-
morrow morning for a ten-day trip
to San Francisco.

A slight automobile accident oc-
curred at the intersection of San Fer-
nando and Los Feliz roads yesterday
when P. E. Manning of 424 West
Palmer avenue going south on San
Fernando road was struck by a Cadil-
lac car turning west on Los Feliz,
damaging the rear left fender of Mr.
Manning's car.

The J. O. C. class of the First M.
E. church, the teacher of which is
Mrs. C. M. Crist, holds regular
monthly business and social meet-
ings on the first Monday night of
each month. The December meet-
ing is to be held with Mrs. Crist, the
teacher, 315 North Jackson, on the
6th.

Among the Glendale folks who at-
tended the Shriners' charity ball giv-
en at the Brunton studio Thursday
night were Mr. and Mrs. C. O. Pul-
ham, Miss Myrtle Pulliam, Mr. and
Mrs. Harry Betts, Mr. and Mrs. J. S.
Thompson, Mr. and Mrs. C. D. Thom,
Mr. and Mrs. W. S. Rattray, and Mr.
and Mrs. Warren Roberts.

Friends of Mrs. C. M. Turck will
miss the delightful "at homes" which
have been given at her residence,
1013 South Glendale avenue. Many
strangers in this city have availed
themselves of Mrs. Turck's hospitali-
ty in getting acquainted with citizens
and enjoying the music and lectures
which have been a feature of these
occasions. Mrs. Turck will renew
her at homes after the first of the
year.

Class A of the senior C. E. society
of the First Presbyterian church
held its monthly social meeting and
supper at the church last evening.
Thirty members were present. After
a short business meeting, Mrs. Chas.
M. Nelson gave a very interesting
reading, and C. M. Nelson told some
funny stories, of which he has an in-
exhaustible supply. Musical num-
bers were rendered by the quartette
from the men's bible class.

Insure Your Business!

Many a business man goes to
smash when its owner dies! What
will happen to your business if
you should unexpectedly pass out?
Will it go on as well as before?
Will your family's share in it be
as much as when you were on the
job? You insure your store, your
factory, your stock, your house,
your motor car, your life—why
not insure your business? We
mean the HUMAN assets in it—
yourself, your partner, your val-
uable men? Did you ever think
what the economic value of such
lives as Rockefeller and Harriman
was? Your life has more econ-
omic value than you have imag-
ined. It is, doubtless, away under
insured.

W. B. KIRK

Business Insurance a Specialty

A baby boy was born to Mr. and
Mrs. James Corcoran of 441 Pied-
mont Park at the Glendale Sanitar-
ium Thursday.

Mrs. M. Blackman, 450 West Bur-
chett, returned December 2 from a
five-months' trip in the east, where
she was visiting relatives.

John Hammerley, a newcomer to
Glendale from England, has purchas-
ed a five-room house at 1010 Boy-
nton street and will take possession
in about ten days. The sale was
made by the James W. Pearson realty
firm.

Foster Evans, 10-year-old son of
Mr. and Mrs. A. G. Evans of Isabel
and California streets, who has been
a patient at the Glendale Sanitarium
for the past week as the result of an
operation for appendicitis, has re-
covered sufficiently to be taken to
his home.

Dr. and Mrs. D. B. Holcomb of Chi-
cago, Illinois, are the house guests
of Mr. and Mrs. A. R. Hildreth of
217 Milford street, until the home
which they have purchased in Pas-
adena is ready for occupancy. Dr. Hol-
comb is going to devote his time to
research work.

Mrs. C. B. Guitard of 524 Pat-
erson avenue and Mrs. E. K. Harris,
Jr., of 532 Patterson avenue were
the luncheon guests of Mrs. G. A.
Mangan of Los Angeles Thursday.
Mrs. Mangan formerly was a resi-
dent of this city and her friends will
be pleased to learn that she expects
to again make it her home in the
spring.

Mrs. M. Labrun of San Diego is
visiting her brother-in-law and sis-
ter, Dr. and Mrs. H. C. Young, of
921 East Wilson avenue. She will
be here for over the Christmas holi-
days.

Miss A. S. Goff, who makes her
home with Mr. and Mrs. T. H. Addi-
son of 130 North Belmont street, has
returned after a four weeks' visit at
Ontario.

L. D. McGahn of Ontario, Califor-
nia, visited H. C. Ellis of 601 West
Vine street yesterday. Mr. McGahn
drove to California from Minot,
North Dakota, where for a good
many years he was the owner and
publisher of the Minot Democrat, a
weekly newspaper. Minot is the
third largest city in that state. Mr.
Ellis was secretary of the chamber
of commerce in that city for two
years.

Going to have guests Sunday? En-
tertain them right by taking them to
the White Inn for a special turkey
dinner.—adv.

BOYS TO MEET

GOOD PROGRAM IS ARRANGED
FOR MEETING TO BE HELD
ON SUNDAY AFTERNOON

The boys who have the arrange-
ments in charge for the boys' big
meeting Sunday afternoon at the
First Methodist church are very en-
thusiastic about their progress. They
have had bills printed and distribut-
ed to the boys of the town telling of
"Fighting Bob" Shuler, who is to
speak to them, and they plan having
a boy make an announcement of the
meeting in each Sunday school and
church tomorrow morning. The
boys have tackled this in the same
spirit as their fathers in making
anything they try in Glendale go big.

Mrs. J. A. Sayers, who has been
visiting her daughter, Mrs. W. S.
Gamble of 125 West Los Feliz road,
is leaving for Newton Canyon, where
she will join her husband, who is at
present employed by the county.

A theatre party is being planned
for this evening by Mr. and Mrs.
P. J. Kuntzner of Ross street, Mr.
and Mrs. A. Pomeroy of Ross street,
Mr. and Mrs. McClintock of Holly-
wood, and Mr. and Mrs. Warren Rob-
erts of East Elk avenue.

Mr. and Mrs. Wm. C. Wattles of
1218 South Glendale avenue have as
their guests today Mr. and Mrs. Fred
Hunt and daughter Betty, Mr. and
Mrs. Hunt are moving into the house
at 217 East Acacia street, which has
just been remodeled. Mr. and Mrs.
Hunt formerly resided on Mount
Washington drive, Los Angeles.

Mr. and Mrs. J. Shannon, who left
Calgary, Canada, early last May for
an extended trip through the east,
are in Glendale seeking a location.
They formerly owned a home in Po-
mona; they wish to rent a house or
an apartment here while they are de-
ciding on a permanent home, but so
far have been unsuccessful in finding
a suitable place.

MOTOR CARS INTEREST WOMEN

FARGO, N. D.—The purr of a
smoothly running motor is sweeter
music to the ears of some North Da-
kota women than the rattle of dishes
according to Mrs. Louise Campbell of
the state agricultural college home
demonstration department.

The women of one North Dakota
community recently refused to be-
come interested in "how to convert
a ham bone into a delicious entree"
and other questions commonly sup-
posed to intrigue the feminine mind,
Mrs. Campbell says.

"Well, what do you wish to do?"
asked the home demonstration agent
in charge of the meeting.

"We want to learn how to fix a
motor car when it will not run," was
the answer.

So a man was obtained as instruc-
tor and repairing blowouts was taken
up instead.

You like a big dinner Sundays, but
it isn't necessary to spend the day
cooking. The White Inn serves a
special turkey dinner Sundays.—adv.

AN OPPORTUNITY TO SECURE TOYS AND XMAS GIFTS AT
A SAVING.

MAKE BLUE MONDAY ROSE-COLORED

Blue Monday turns a rosy hue for the woman who lays
her washday burdens upon our shoulders.

Instead of going through the old unpleasant routine she
simply bundles up the family linen and turns it over to our
driver. We relieve her of the back-breaking drudgery, wash-
ing everything in suds made of delightfully soft water and
pure soap. Then we return her bundle to her fragrantly clean.

Our charges are reasonable, too, if you take into consid-
eration laundress' wages, cost of supplies, and the value of your
own time and strength.

A phone call will bring one of our wagons to your door.

A Thrill and Joy— That lasts Throughout the Year

The joy and pride of owning

The Apex
ELECTRIC SUCTION CLEANER

can only be realized after you have actually used an
Apex in your home.

This is a Christmas present that not only brings
happiness to you on Christmas day, but helps to con-
tinue this joy day by day throughout the year.

The Apex strong suction and many well engineered
attachments make the Apex a complete house clean-
ing machine, run by electricity—not by human
strength—a Christmas present of true merit.

Come to our store and let us show you the Apex
Electric Suction Cleaner.

TEACHERS MEET

CITY AND COUNTY INSTITUTE
WILL BE HELD DURING
WEEK DECEMBER 20

Teachers in the public schools of Glendale will be interested to know that the programs for the Los Angeles county and the Los Angeles city teachers' institute have been completed. The two annual meetings will be held during the week of December 20.

It is announced that speakers of national reputation have been secured by Mark Koppel, county superintendent of schools, and Mrs. Susan M. Dorsey, superintendent of the Los Angeles city schools. Many of them are leading educators and presidents of prominent institutions of higher learning.

The city teachers' institute will be held at the Los Angeles Philharmonic auditorium on the mornings of the first three days of the week, and in the afternoons throughout the week sectional meetings will be held at the high schools.

The county teachers' institute will be held at the Bible Institute auditorium every day throughout the week. The California teachers' association, southern section, will hold its annual meetings on Thursday and Friday afternoons at the Bible Institute.

Mrs. Dorsey will open the general session of the city teachers Monday morning. Arthur D. Dean, of the department of vocational education of Columbia university, will speak on "The Junior High School as a World's Fair." William McAndrews, associate superintendent of the New York city schools, will speak on "What For?"

The Tuesday morning session will be opened by J. B. Monlux, deputy superintendent of city schools. The speakers will be Dr. Aurelia Reinhardt, president of Mills college, and Dr. C. E. Chadsey of the University of Illinois.

Charles J. McCormick, president of the Los Angeles board of education, will open the Wednesday morning session. Dr. Henry Suzzallo, president of the University of Washington, and Frank Alvah Parsons, president of the New York School of Fine and Applied Arts, will be the speakers. Their respective subjects will be "The Function and Method of a Liberal Education," and "What to Teach in Public School Art."

SHOP EARLY

Every woman loves and longs for dainty lingerie. Why not make her happy?

Neckwear of sheer materials and dainty laces makes ideal gifts for women and girls.

Save Time, Energy and Disappointment by Buying your Holiday Gifts Now

Those who delay their Christmas shopping until the last few days are inviting for themselves inevitable hardship. While we maintain at all times an efficient store service, this service is bound to be severely taxed in the just-before-Christmas rush. Besides, our assortment of acceptable gift-merchandise is now complete, whereas if you postpone your shopping until the last few days you will be forced to choose from depleted stocks—not only at our store but wherever you may go. Make up your list now and start making your selections while the assortments are complete and the crowds are absent.

HANDKERCHIEFS

Handkerchiefs are the ever acceptable gifts, appropriate for young and old, and appreciated by all.

Of course, we have them from 5c up, but we call special attention to our 35c or 3 for \$1.00 line; about 50 styles to select from.

Silk and Lisle Hose For Ladies

A pair of silk or lisle hose in a dainty Christmas box is a practical gift as well as a dainty one, a gift very much worth while.

Did you ever hear a lady say she had too many silk hose? Our full fashioned hose at \$3.00 is a wonder.

For Him—

A man can't have too many neckties, so you can't make any mistake by selecting gifts from our large assortment of men's neckwear.

Values from 75c to \$3.00

BIG ADVENTURES ON BUICK TRIP

TWO WOMEN AND MAN TRAVEL
FROM ATLANTA, GA., TO
SEATTLE, WASH.

Tanner & Hall, local distributors for the Buick, call the attention of the automobile editor of The Glendale News to an interesting story appearing in the Buick Bulletin, titled "From Atlanta, Georgia, to Seattle, Washington." The story was written by Miss Harriet Geithmann and follows:

A tourist's log that reads like a story, from the first page to the last is that of Mrs. Mittle Baldwin Hall, her nephew, R. E. White and Miss Nellie Bob Baldwin, who recently arrived in Seattle from their home, Atlanta, Georgia, in their H-Six-45 Buick.

Their adventures were varied and colorful. Leaving Atlanta, they motored toward Nashville—but their sailing was by no means smooth all the way.

"For nine hundred miles," said Mrs. Hall, "we plowed through mud and water, at times hub deep. In some places mule teams were kept by the wayside to pull travelers out of mud holes that were absolutely impassable. It often required four mules or ten men to pull a car out. Near Fulton, Missouri, we were stalled in mud that seemed endless from five in the afternoon 'till ten at night. Directly behind us were five Buick cars in a driveway from the factory at Flint, and we shall never forget the courtesy and friendliness of the drivers. They came ahead and helped lay borrowed cord wood in the road. By means of their assistance and a quarter of a mile of wood road, we were finally able to continue our journey.

"And with it all, we came out on top, without a trace of engine trouble. When we crossed the Tennessee river, we had to sit on the backs of the seats to keep from being soaked. We needed to give the car no other attention than a change of oil after that trip.

"When we came to Gunner mountains in Tennessee, we met cars returning and were warned that crossing was impossible; but we made the attempt and earned the distinction of being the first party over."

The Blue Canyon, New Mexico, the Grand Canyon, Arizona, Walnut Canyon, the home of the Cliff Dwellers, all filled the travelers with admiration.

The trip across the Mohave desert was accomplished in two days, the first day including about two-thirds of the trip. The night intervening was spent in the car under the open sky.

The mileage of the trip was 6,768.

H. A. WALL RETURNS FROM LONG TRIP

DRIVES TO CHICAGO IN HIS
ESSEX, THEN RETURNS TO
GLENDAL, 9000 MILES

H. A. Wall of Glendale left for Chicago on September 3 to visit his father. He made the round trip in his Essex, returning here November 22 after having traveled 9,000 miles.

Mr. Wall went over the Lincoln highway and returned by the Santa Fe trail route. He averaged twenty-two miles to the gallon of gasoline on the entire trip. It rained most of the time and in several places snow was encountered. In many places the road was almost impassable. At Wells, Nev., a tractor was towing cars over a particularly bad piece of road.

Notwithstanding all these unfavorable conditions, Mr. Wall spent only 15 cents on his car, aside from the cost of gas and oil.

The Glendale man thinks that his Essex is just about the best thing that ever ran on four wheels.

MOTOR DENTAL CLINIC FORMED

A motor dental clinic is owned and operated by the city of Scranton, Pa., for the examination and work of pupils in the public schools of that city. The traveling motor clinic is fitted up with a special body, which is equipped with an operating chair, instrument cabinet, running water and all sanitary conveniences.

MOTOR TRUCK RESERVE CORPS

In Greater New York a voluntary police motor truck reserve corps is forming whose object will be to assist and co-operate with the police department of the city by furnishing motor transportation when necessary in the event of strikes, riots, accidents or other unforeseen occurrences affecting the welfare of the general public.

The total mileage of their car is 15,526. This trip was made without the slightest trouble of any kind, and without changing spark plugs or grinding valves.

"I have never met with greater friendliness," said Mrs. Hall. "My correspondence list has swelled to unbelievable proportions."

"We also found Buick service perfect, to say the least. At all times of the day and night, Buick men put themselves and their garages at our service."

In the west, from Yakima to Seattle, Mrs. Hall and her party felt the gasoline shortage, and had to travel with only kerosene. But the Buick was reliable, and made no trouble whatever. The party returned to Atlanta via the Lincoln highway.

TOUR IS SUCCESS IN SPITE OF RAIN

AFTER LONG DISTANCE TRIP
TO SOUTHLAND, OWNER IS
PLEASED, HE SAYS

A tour which brought out very strongly the pulling power and economy of the Oakland Sensible Six was that made by E. W. Notbohm and wife from Abbotsford, Wis., to Los Angeles, recently. Mr. and Mrs. Notbohm were accompanied by Geo. A. Sterling and the latter's wife and son. With baggage, the car had a load of approximately 1000 pounds.

While a start was made September 24, the tourists after running 209 miles to Austin, Minn., that day, stopped there for a week on account of continuous rains. On October 2 they ran a distance of 193 miles to Des Moines, and from there to Granada, Colo. Their records show runs of 160, 204, 193 and 210 miles per day over roads which were sometimes good but often just ordinary dirt roads with many detours.

Bad weather came again October 7 and the next day's run was 166 miles. From Maxwell, N. M., to Las Vegas, the Oakland pulled through heavy mud and deep ruts all day with its heavy load and made 90 miles. And the next day it covered 149 miles of heavy roads and chuckholes. The next day, with rain and mud all afternoon, a distance of 195 miles was covered.

Then came a few days of alternating desert heat and coolness in the mountains, which was a perfect test of carburetion. On October 16 the tourists reached Los Angeles after traveling 2644 miles. Their gasoline consumption was 132 gallons, and only 3½ gallons of engine oil was used. The only tire trouble was one puncture. In March, Mr. Notbohm sold the car after running it 7,900 miles and it was then in good condition and running on the original set of tires. In the meantime he had driven the Oakland to the top of Mt. Wilson and also made other mountain drives.

"I claim this a fair test for any car that will stand up under such a strain," says Mr. Notbohm. "The Oakland is good enough for me."

Green & McClellan, 115 West Harvard street, Glendale, are the local agents for the Oakland.

ITALY BUYS FARM TRACTORS

The Italian government purchased 6500 farm tractors during the war and put them to work in various parts of the country. The government-owned tractors were operated by soldiers, going from field to field and village to village, plowing the soil where their services were needed.

BATTERY AXIOMS GIVEN BY EXPERT

F. S. HILL MAKES SOME GOOD
SUGGESTIONS IN CARE OF
AUTOMOBILE BATTERY

F. S. Hill, of Glendale, the USL service station representative, advises all careful motorists to adopt the following battery axioms:

Keep electrolyte, water or moisture of any kind away from the inside of the battery compartment. This will prevent short-circuits otherwise likely to occur at those points.

Occasionally wipe all dust and dirt off the battery surface. Go still further. Wipe over all the metal parts with a vaseline covered rag. Then give the parts a good coating with the vaseline. This will keep them bright and prevent acid exuding from the battery from sulphating them.

If acid should by accident get on the exterior of the battery or compartment interior, clean it off by a prompt application of washing soda, which is a strong alkali. Then clean the alkali off thoroughly with a wet rag, and wipe dry. Coat metal parts with vaseline.

Occasionally visit a USL service station at which a free inspection service is maintained. At such a station is an expert who understands the complete electric system and who is trained in the care and scientific repair of batteries, no matter what the make.

FORD MOVIES IN NUMBER THEATRES

MORE THAN FIVE THOUSAND OF
PICTURE HOUSES SHOWING
EDUCATIONAL WEEKLY

The "Ford Educational Weekly," a film put out by the Ford Motor company, has earned for that company the largest circulation of motion pictures in the world, says Jesse Smith, local Ford dealer. Ford films are run in 5,238 theatres in the United States each week. They are also distributed throughout Canada, Europe, Asia, South America, Africa, Australia and many other islands.

The Ford pictures are viewed by more than 10,000,000 people in motion picture theatres each week. But they are also in demand outside of the theatre. Churches, colleges, the Y. M. C. A., public and private schools and even many of the country's largest penal institutions find Ford films particularly valuable because of their high moral and educational value.

Many reels of Ford film showing how certain special war materials were manufactured, have been secured by government officials to serve as a part of the national records in Washington.

DAILY WORK UPON AUTO NECESSARY

FEW MINUTES EACH DAY SPENT
ON AUTOMOBILE BIG HELP
SO EXPERT ASSERTS

One man spends his Saturday afternoons, Sundays or the best part of his holidays cleaning and repairing his car. Another finds it distasteful or difficult to do this wholesale grooming, so neglects it altogether. The first man's car looks fine and runs well, but he is a slave to it. The second man's looks disreputable and depreciates rapidly, always giving out in inopportune times.

Frederick Russell, writing in the American Motorist, thinks he has a better way than either. He sneaks in a few minutes' work on his car every day, not attempting any great amount of cleaning or repairing at any one session. The result is satisfactory. The car runs well and looks well all the time, with no appreciable loss of time or effort on his part from more profitable pursuits.

Five minutes' work in the morning polishes small metal work, lamps and windshield. While a service station man puts in oil and gas, Mr. Russell puts air in a tire or two and perhaps tightens a couple of screws or nuts. When he has to wait for anybody, instead of sitting in the car counting the minutes, he does some other bit of work. In five to thirty-minute intervals, formerly wasted, he finds he can do most of the minor jobs in the upkeep of his car. What used to loom as a dreaded burden is now accomplished with slight annoyance. Every little bit, taken from what he has to do, leaves a little bit less.

Prompt attention to small repairs and keeping a car clean add both to its longevity and its appearance. The simplicity of this method for accomplishing what every motor owner knows should be done recommends it.

RESEARCH WORK STARTED

In England research work for comparing alcohol with petrol as a fuel for automobiles was recently undertaken in Manchester University. The expenses had been borne in equal shares by the Royal Automobile club and the Commercial Motor Users' association.

The Studebaker

Has set a standard of power and comfort that it is difficult for other motor cars to approximate.

The Studebaker is set apart from other cars within its price range on every point by which a pleasure car is judged.

The Studebaker is the most talked of car in America today on account of its grace of line and its mechanical perfection.

These are not idle words—we
can prove them

DEMANDS GROWING FOR U. S. AUTOS

GLENDAL BUICK AGENT SAYS
AMERICAN MACHINES ARE
INCREASING ABROAD

"There is a constantly increasing world's area where American automobiles are becoming vital means of transportation," says Mr. Tanner of Tanner & Hall, local Buick agents. "That this area is continually extending in all directions is evidenced by the foreign demand for American cars, which during the fiscal year 1920 was nine times greater than the total value of such exports before the war."

"This market is only in its infancy. As the demand for more and better roads continues all over the world, there will be a much wider field opened to the ubiquitous automobile."

"European motor builders have doubled, tripled and multiplied their plants and equipment ten times in four years, and yet they are not able to meet American competition either in price or volume. Even in France, where as an aftermath of the war, there are 40,000 passenger cars of the A. E. F. for sale, there is a brisk business in new American cars."

"The growth of the automobile in countries that have only become comparatively civilized recently has been astounding, but as these coun-

Goodyear and United States Tires

CAR OWNERS ARE FOILED
Because of a strict enforcement of the highway regulations in England, owners of automobiles in London who saved garage charges by parking their cars in the middle of the road are now recovering their cars in a "pound" in Piccadilly.

USE PNEUMATICS FOR FIELD WORK

TIRE MANUFACTURERS SEEKING
TO MAKE USE OF TIRES
IN DIFFERENT WAYS

Tractors and pneumatic tires. The two would hardly be suspected of association since tractors are supposed to require nothing but steel tires belted with steel cleats and spikes. Why use rubber tires in plowing and cultivating?

But tire engineers are versatile, as they must necessarily be in an industry constantly offering an abundance of complex problems for solution. Not that tire companies are attempting to fit tires to all new inventions merely for the sake of selling tires, but they are continually taking advantage of opportunities to equip with tires all devices that offer a greater field of service to the consumer when so equipped.

Just as tire experts expedited military movements in France by fitting rubber tires to artillery wheels, so tire engineers have now adapted pneumatic tires to Fordson tractors and by so doing have greatly broadened the field in which they may work.

Tractors of this type are now fitted with Goodyear pneumatic tires, 32x4 1/2 in front and 40x8 in the rear, and so equipped, are performing excellent service in operations heretofore considered outside the pale.

For instance, Goodyear tired tractors are now being applied to the following kinds of service:

1. In saw mills to haul lumber dollies, dump wagons and pick up odd jobs requiring a tow or draw bar pull.

2. Switching railroad cars at docks and moving heavy pieces on skids or rollers.

3. General hauling using regular trailers.

4. In logging camps aiding loaded trucks to reach the main roads.

In this diversified service the pneumatic tires help mightily in obtaining traction and permit greater mobility of the tractor. Not only can it be handled to better advantage in difficult positions but it can travel faster in pulling a load, says H. M. Butts of the Monarch Supply company, the Goodyear distributors in Glendale.

W. A. TANNER OUT AFTER SICKNESS

POPULAR BUICK AGENT ABLE TO
RESUME WORK AFTER
FEW DAYS' ILLNESS

Wm. A. Tanner, of the firm of Tanner & Hall, Buick agents, is able to be out again after a few days' illness.

Mr. Tanner is one of the representative automobile dealers of Glendale; he is a man who has made many friends through his high ideals of business. It is a noteworthy fact that all the automobile dealers in Glendale are gentlemen of honor and sound business principles. It is not to be inferred from this statement that automobile men of other places are lacking in principle; yet it is true that the Glendale auto dealers are all men of markedly high principles.

RULING OF COURT VERY IMPORTANT

SMALL TOWNS CANNOT ENACT
TRAFFIC LAWS DECLARES
AUTOMOBILE EXPERT

Motorists generally are just awakening to the tremendous importance of the recent California supreme court decision holding invalid municipal ordinances if contrary to the letter and spirit of the state law, says a writer in Motor Land.

In this decision the supreme court has abolished beyond hope of resuscitation the practice of permitting each city and county to pass such traffic regulations as its officials deemed wise without regard to the provisions of the state law and to pocket the fines which under the latter would be expended for construction and maintenance of roads.

In the past a motorist in the course of a day's travel might find himself charged with violation of the ordinances of each city and county through which he passed. He was presumed by the law to know the contents of each of these ordinances, and as ignorance of the law is no excuse, the fact that he could not possibly memorize all of them would not save him from a possible fine or imprisonment.

This decision, credit for which belongs to the California State Automobile association and the Automobile club of southern California, sounds the death-knell of laws enacted in California not for the safety of the public, but for revenue only. Likewise it establishes a precedent for the accomplishment of a similar reform in every state in the union and is a forward step toward realization of national as well as state uniformity of traffic regulations.

Chevrolet

The Product
of
Experience

The popularity of the Chevrolet "Four-Ninety" Touring Car is based on the completeness of its service and its great operating economy under all traveling conditions.

In equipment, appearance, and comfort it affords all that experience has shown to be desirable in a modern motor car.

Its balanced construction and valve-in-head motor make it equal to all transportation needs at all times, at least expense for fuel, tires and general upkeep.

At its price Chevrolet "Four-Ninety" Touring Car represents the utmost in value.

CHEVROLET SENDS MAN INTO POETRY

CLEVER BIT OF VERSE TURNED
OUT BY FRED E. BROOKS
FOR POPULAR CAR

O ho! my pretty winsome bird
Your motor sings, upon my word,
The sweetest music I have heard
In many a day.
So graceful, stylish, trim and strong,
With silent ease you glide along;
For speed and power is your song,
My Chevrolet.

The motor makes the car, I know:
'Tis just a touch and off you go—
Fleet as an arrow from the bow
You dart away.
More agile than the speckled trout
And quite as quick to turn about,
And quite as hard to catch, no doubt,
My Chevrolet.

It makes my eager bosom thrill,
As does the mock-bird's midnight trill,
To feel you flying up a hill
As tho' 'twere play.
When I caress the guiding wheel,
O, what a joy it is to feel
The mighty horsepower in your heel,
My Chevrolet.

On level roadway, passing fair,
What sport has pleasure to compare
With racing through the balmy air?
To speed away—
When others start to set the pace
And fling their challenge in your face—
To pull the trump and play the ace—
My Chevrolet.

You cost the least but you're the best!
You proved it well by every test.
O, what a heart throb in your breast!
Good people say:
Durant resolved to build a car
Would go as fast and go as far
As any "Crack"—and here you are—
My Chevrolet.

With all the verve that I admire,
With far more speed than I require,
You fill my very heart's desire;
And well you may:
The genius of creative mind
With skill and will and wealth combined
To make the marvel of its kind
In Chevrolet.

TAKING COURSE IN MECHANICS
Sandra Nath Haldar, a native of Calcutta, India, is taking up a complete course of motor mechanics and machine shop practice at the Detroit Automotive school. After this training is completed he plans to return to Calcutta, where he will go into the motor service business for himself.

IMPORTATION OF AUTOMOBILES
During the fiscal years 1917-1920 the importations of passenger automobiles into Canada totaled 45,633, valued at \$35,829,393, of which eleven were from Great Britain, one from an unnamed country and the remainder from the United States.

Ford

THE UNIVERSAL CAR

Fords at the Auto Show

The most complete showing of Fords ever made in Los Angeles will be displayed at the Automobile Show, December 11 to 28, inclusive, at Seventh and Figueroa Streets.

The assembly is a most notable one, including as it does, Sedans, Coupes and Touring Cars in the pleasure car class while in the commercial division will be found Ford one-ton Truck with standard body, and for popular business utility the Runabout.

To this display will be added the Fordson Tractor, already so popular in the agricultural sections, and which is fast entering the industrial fields.

You will find at all times one or more of the following Ford dealers on hand to demonstrate and explain the newest features. In justice to yourself it is urged that orders be placed at this time to insure an early delivery.

Clark & Coberly, 2219 W. Pico—West 6072.
W. D. Dunham, 1250-60 W. Seventh—Wilshire 637.

SALESROOM FOR OLDSMOBILE CAR

O. F. MEYER TAKES CHARGE OF AGENCY IN GLENDALE FOR POPULAR OLDSMOBILE

The Oldsmobile is now represented in Glendale and this section of the county. O. F. Meyer has opened an Oldsmobile salesroom at 721 East Broadway.

Mr. Meyer came to Glendale about three months ago from Fairmont, Minn., and with his family took up his residence at 635 North Orange street. He is an intelligent and affable gentleman and undoubtedly will succeed in his new field.

He certainly represents a great car. The writer has known quite a number of people who owned an Oldsmobile, and every one of them was a booster for the machine.

There is every reason for taking keenest pride in the ownership of an Oldsmobile "Six." Whether one's choice is the touring car or the roadster, there is always the satisfaction of knowing that the lines of the low-hung body are gracefully pleasing, no matter from what angle the car may be seen. The beauty of line is accentuated by such characteristic Oldsmobile refinements as the natural wood finish of the hickory wheels, the tasteful use of nickel trimmings, the smart beveled side rails, and the score or more of "little" things that in the aggregate mean so much to the owner's convenience and enjoyment of his car.

Oldsmobile beauty is given permanence by a finishing process in which the very best paints and varnishes, and the highest type of skilled hand labor are employed.

The comfort "which begins at the springs" reaches its culmination in the deep, luxurious upholstery. Only the finest grade of long grain, bright finished, black leather is used. This is box pleated, without buttons. Incidentally, the same high grade leather is used in finishing the top rails of the doors and body.

The features of the Oldsmobile enumerated here are typical of the quality that extends to every detail of construction from the radiator cap to the tail light—quality that insures sturdiness and durability. To appreciate the beauty of the Oldsmobile "Six" one must see it, examine it carefully. To appreciate its exquisite comfort, one must ride in it. To appreciate its performance, one must drive it.

For the present year motor car owners in Missouri have paid \$2,101,108.90 into the good roads fund.

SECURES AGENCY FOR VELIE AUTO

W. C. FREEDY TO REPRESENT CAR IN GLENDALE; COMES HERE FROM DETROIT

W. C. Freedy is a new Glendale citizen, and he is a highly desirable one, too. He just recently came from Detroit and as soon as he can find a house he will bring Mrs. Freedy over from Pasadena, where the couple are staying temporarily with relatives.

Mr. Freedy has the local agency of the Velie automobile and has opened a salesroom at 246 South Brand boulevard. Of course, we all know the Velie by general reputation, but what the Velie Motors Corporation has to say regarding its latest model is of interest:

"Into a famous family of cars, with proud and superior lineage, has come the new Velie 34; built to maintain the reputation which Velie holds in a world-wide market, backed by one of America's most substantial organizations with more than half a century of manufacturing success.

"We have long recognized the need for a sturdy, powerful, roomy six, of conservative wheel-base, economical to a degree heretofore unknown, completely and satisfyingly equipped, and, above all, with quality and beauty as its foremost essentials.

"We now offer this Velie 34 as the realization of that need. A stylish, up-to-the-minute light six, with abundant power for any road and grade, with plenty of room for five adults without crowding; with complete equipment; at a price that gives the buyer who prefers a superior car, a new opportunity to realize his ideals.

Quality Not Sacrificed
"No essential of Velie quality has been sacrificed. Here you find a sure and silent six-cylinder power plant giving the performance that has made Velie cars famous. A long, graceful, roomy body of solid construction and distinctive appearance. Deep-tilted, restful upholstery, plaited in genuine leather, and a silver-like gleam from the Velie lasting mirror finish.

"Here is a car that you will be proud of in any company. A value that, at its figure, you will find it difficult, if possible, to equal.

"People who know a great deal about motor cars look first to the character of the car and then to the character of the institution responsible for its production. No better assurance of the values found in the Velie 34 need be asked than that it carries the name-plate of Velie, builder of quality cars for over a decade. If you are one that knows a great deal about motor cars, you will appreciate the significance of this simple statement."

BUICK COUPE IS GIVEN TO WIFE

MRS. J. J. NESOM IS MADE HAPPY WITH FINE NEW CAR ON THANKSGIVING DAY

Mrs. J. J. Nesom of West Elk street was the happy recipient last Thanksgiving morning of a new 1921 Buick coupe. It was, of course, presented to her by her husband. This is the fourth or fifth Buick car that Mr. Nesom has purchased and it is quite evident that he thinks it is the car of cars.

TINIEST AUTOMOBILE IN USE

The tiniest automobile for everyday utility in the world recently made its appearance in Tokio. The little vehicle fits snugly in the narrow streets of the city as the kumera itself—that being the Japanese name for jirrickshaw.

BUY FORDSON TO HELP EDUCATION

BOARD OF EDUCATION GETS TRACTOR FOR PUPILS TO LEARN FARM METHODS

George E. Noll of the Noll Auto company, a Los Angeles Ford dealer, sold a Fordson to the board of education of Los Angeles for use in vocational training so that students may learn the very latest methods of farming by the use of the tractor. As usual, the Fordson had lots of competition, but was the one selected on account of inexpensive operating cost.

Vocational training in the Los Angeles high schools is keeping abreast of the times through the continual installation of equipment to enable students to specialize in any field for which they may have a preference. The very latest equipment the city has purchased for use in training students is a Fordson tractor. This is for a course in which students who are planning to enter the agricultural field may have the opportunity of learning the very latest methods of farming, expressed in the use of a tractor.

Competition was keen in the selection of a tractor suitable for this work and several of them were tried out before a choice was finally made. George E. Noll, one of the Los Angeles Ford dealers, and his sales manager, Jack Hanes, did some high-class demonstrating, and despite much competition the Fordson tractor carried off the honors.

According to Mr. Noll, "There is hardly anything the Fordson cannot do. When we enlarged our quarters, there was a quantity of timber to be moved and we used a Fordson tractor to haul lumber from place to place. The remarkable feature of the Fordson is that it burns kerosene and consequently can be run at a very low cost. It can well be named the 'kerosene mule,' but lacks all the meanness of a mule and never lays down on a job."

SEES PROSPERITY IN MOTOR TRADE

PREDICTS THAT FOR FIFTEEN YEARS BIG BUSINESS IN INDUSTRY CONTINUES

Fifteen years at least of continued prosperity for the motor industry and a decidedly probable shortage of good motor cars next spring are predictions of Walter P. Chrysler, executive head of some of the largest automotive and allied industries in the country.

In his Detroit office Mr. Chrysler attributed the period of "dumps" through which the automobile industry has been passing to prodigious production and a paralyzing "sitting habit" acquired during three years of extraordinary motor car demand. "Detroit has ahead of it at least fifteen years of continuing and increasing motor manufacture prosperity," Mr. Chrysler said. "This is as certain as anything in future can be if manufacturers will curb their appetite for prodigious production and salesmen care themselves of the deadly sitting habit."

"The fit of dumps through which the industry is passing is due in part at least to indigestion due to over-indulgence. Readjustment and a return of nearly normal conditions is a matter of weeks now rather than months, provided the remedies referred to are applied. The cue for the future in the motor car business should be moderation in everything except hard work."

Demand for Good Cars

"Discontinuance of production and delay in resuming it will almost certainly bring about another shortage in good motor cars next spring. There probably will never again be a shortage in poor motor cars. The demand for good cars already offers relief from the doldrums of the last few weeks. Sales are increasing satisfactorily from day to day."

"Business is not dead—nor even seriously ill. It is merely in need of exercise. And the best exercise I know is to give the public a good value for its money and work hard to show the public you mean business. Manufacturers and dealers who haven't forgotten how to sell good merchandise are not worrying about the future. The chair warmers are rapidly going by the boards."

"Make no mistake, the automobile business is alive and strong. I don't believe in wild optimism which is based on desire rather than on facts, but I haven't any sympathy for the black pessimist who sees only disaster. No catastrophe has happened to deprive people of their purchasing powers or their desires for motor cars. Spinelessness and gloom are, therefore, pure nonsense."

"The pessimists are the weaklings who expect business to be laid in their hands. The hard workers aren't gloomy. And I honestly hope that we will never again have business conditions which put a premium

OLDSMOBILE

Sets the Pace—22nd Year

The "Six" Touring Car

For those who require a superior family car at a moderate investment, the five-passenger Oldsmobile "Six" touring car is a prime favorite. Being an Oldsmobile product it is a quality product

throughout—a car that may be relied upon for real service under all circumstances. It is handsome, very comfortable, and surprisingly economical of gasoline, oil, and tires.

Price \$1720 f. o. b. Glendale

The Pacemaker—Model 45B—8-Cylinder

More pronouncedly slender, graceful, almost rakish lines distinguish this four-passenger Oldsmobile Pacemaker from the seven-passenger "eight."

In all other essentials it is the same powerful, reliable, immensely comfortable Oldsmobile "eight" that has merited and won such amazing popularity. For business, pleasure, or sport it sets the pace for those who wish an automobile that combines utmost utility with ultra-smartness.

The Oldsmobile Pacemaker Model 45B Eight Cylinder is priced at \$2470 f. o. b. Glendale

Oldsmobile Economy Truck

An instant and surprising demand for the Oldsmobile Economy truck from the moment it appeared on the market placed six thousand of these trucks in service in twelve months, in 220 different lines of industry. Yet, nowhere in the United States, has the Oldsmobile Economy truck proved more popular than right here in Southern California. The Oldsmobile truck is designed for speed, and the

good roads of Southern California make it possible to get the utmost advantage from the unusual ability of the truck to maintain high speeds with full loads. Cushioned on big pneumatic cord truck tires, the Oldsmobile Economy truck in the hands of scores of Southern California users is daily demonstrating that it can cover more miles per day, week in and week out, than any comparable truck.

Price \$1770 f. o. b. Glendale

You must see this wonderful car and ride in it to really appreciate it. It will be a pleasure to show this car and give you a demonstration.

ANNIVERSARY

NEALE & GREGG HARDWARE CO. IS CELEBRATING WITH WEEK OF BARGAINS

Glendale residents spend their money with home merchants as far as possible. This is apparent from the fact that all business houses of lines represented here are prospering. This is as it should be. Even from a purely selfish point of view it pays to trade at home as far as may be; for it keeps the money in circulation here, it helps build up larger business establishments, which, being prosperous, can afford to carry larger stocks; it attracts other business people to our city, and helps build larger buildings which are a credit to the city.

Among the prosperous business concerns of Glendale is the Neale & Gregg Hardware company, 107 North Brand boulevard, who will celebrate the first anniversary of their business partnership next week by sharing the fruits of their prosperity with their customers.

Every day of next week they will hold special sales, at which Christmas gifts may be bought at a considerable saving. Monday's special will be a useful household article, a carpet sweeper, for \$1.89; on Tuesday an article sent out by Santa Claus will be featured: union roller skates, at \$2.49; Wednesday's special will be thirty-two piece sets of dishes in the favorite Bluebird pattern, for only \$5.98; on Thursday plain and decorated teapots in imported wares may be bought at a discount of 20 per cent or one-fifth off their marked price; Friday such well-known brands of aluminum ware as "Wear Ever," "Ideal" and "Viko" will be offered at twenty per cent or one-fifth less than marked price. The special for next Saturday will be announced next Friday in The Evening News.

Bought One Year Ago

A year ago C. E. Neale and D. L. Gregg purchased the hardware store at their present location, which was formerly known as the Bossman Hardware store. Mr. Gregg had owned a hardware business at this location eight years before and had sold it to go to Salt Lake City. On his return he and Mr. Neale, who is also a hardware man of long experience, bought the stock at their present location. In that one short year they have trebled their stock and their business has increased to 500 per cent of the amount of business of that store at the time they purchased it.

The secret of their success, no doubt, is to be found in their ample stock, fair prices, square dealing and thorough business organization. Every member of their sales force is thoroughly competent in his line. B. O. Holbrook, in charge of the hardware and tool department, is an old hardware man; the cashier and bookkeeping department is under the direction of Miss E. K. Irwin; Mrs. Bertha Boggs is head of the department of household articles; the crockery and stove department is conducted by Mrs. Fred Stott; the toy department is managed by Mrs. L. M. Peet and D. Burman, and Joy Strock has charge of the delivery service.

The Neale and Gregg plant is much larger than it looks from the outside. A large addition has been recently built on to the back of the long store-room. It accommodates the crockery department stock rooms, the oil and paint department receiving and shipping rooms.

Store Enjoys Fine Trade

The Neale & Gregg Hardware company enjoy a large trade not only in Glendale, but also in Sunland, Montrose, La Crescenta, Eagle Rock and Tujunga. They have customers even in Hollywood; they come because the prices here compare very favorably with the Los Angeles prices.

Sporting goods and a good stock of Christmas goods are also carried by this enterprising firm.

They carry the largest stock of toys in the San Fernando Valley. Their Christmas business has already begun, and beginning with December 13 the store will be open evenings for the accommodation of Christmas shoppers. Last year they employed 14 people to take care of their Christmas trade, and they will probably need as many this year.

The White Inn is making a specialty of those famous turkey dinners every Sunday.—adv.

OFFICIAL VOTE

RESULTS ON AMENDMENTS AT LAST GENERAL ELECTION GIVEN BY OFFICIAL

Official figures announced by Secretary of State Frank C. Jordan show that the University of California tax amendment was defeated at the general election, November 2, by 4640 votes. The vote for the amendment was 380,927 and the vote against it 384,667.

Only eight of the twenty amendments and initiative measures voted on were adopted. The alien poll tax amendment carried by the biggest majority—520,712—with the anti-alien land law second with a majority of 446,397.

The eight amendments and initiative measures adopted were: Anti-alien land law, poison act, highway act, alien poll tax, irrigation district act, teachers' salary measure, and the act granting state aid to institutions.

Secretary Jordan today issued his official declaration of vote and in five days, December 9, the initiative measures adopted, including the anti-alien land law, will become effective. The constitutional amendments adopted become effective immediately upon passage.

The official vote on the amendments follows:

Alien land law, yes 668,483, no 222,086; prohibition enforcement, yes 400,475, no 405,537.

Salaries for justices, yes 232,413, no 538,655; amending initiative measure, yes 298,347, no 421,945; chiropractic act, yes 390,240, no 492,410.

Prohibiting compulsory vaccination, yes 359,987, no 468,911; prohibiting vivisection, yes 272,288, no 527,130; poison act, yes 479,764, no 270,562; highway bonds, yes 435,492, no 311,667; constitutional convention, yes 203,240, no 428,002; alien poll tax, yes 667,924, no 147,212; university tax, yes 380,927, no 384,667; community property, yes 240,875, no 524,133; insurance act, yes 308,062, no 328,115; irrigation district act, yes 314,522, no 280,948; teachers' salary, yes 506,008, no 268,781; absent voters, yes 356,539, no 371,784; exempting orphanages from taxation, yes 394,014, no 371,658; state aid to institutions, yes 487,023, no 222,247; single tax, yes 196,694, no 563,503.

Why 50,000 Owners Rely on the Essex

All concede average ability in any modern car. So it was to prove ability far beyond what any light car ever has shown that Essex made its famous endurance tests.

Its 3037 miles in 50 hours is a world's endurance record. The test was official. Supervisors of the A. A. A. certified the Essex stock chassis in every detail.

What car has ever proved the consistency and endurance Essex showed in 4

times breaking the transcontinental record between San Francisco and New York?

Hundreds of cars, many costing \$4000 to \$6000, had sought for four years in vain to break the coveted record. And then Essex in its first attempt did it four times with four different cars.

Is it any wonder that its 50,000 owners do not even attempt to conceal the confidence they feel in the dependable service of their cars?

A Few Essex Endurance Proofs

Four Essex cars, each break Transcontinental record, between San Francisco and New York

3037 miles in 50 hours, official record, world's greatest endurance mark.

Same Essex stock car, in 3 tests travels a total of 5870 miles in 94 hours, 22 minutes, averaging more than a mile a minute.

Sets world's dirt track mark, 1261 miles in 24 hours.

Sets world's 24-hour road mark of 1651 miles.
